

Position Available: Civil Engineer EI
Gahanna, Ohio Office

Be part of a successful civil engineering firm serving great clients with their municipal infrastructure improvement needs. We are seeking a civil engineering graduate with 0-5 years' experience with an interest in water, wastewater, storm water and other municipal based project design and construction. We offer a great benefits package including paid health care for this full-time position. Registration as an E.I., a working knowledge of Microsoft Office, AutoCAD Civil 3D and the ability to work on multiple projects in a team environment are required. EOE.

Email your resume, references and salary requirements to jemerick@ggceng.com.

Resumes will be held in strict confidence.
